214 KILLED IN TORNADOES

Punishing Blows Dealt to South Wisconsin Areas

MILWAUKEE, Wis. (AP) — A series of devastating tornadoes, flashing out of the sky on a quiet Sunday afternoon, dealt southern Wisconsin punishing blows, killing three persons, injuring scores and leaving some areas looking like abandoned junk yards.

"It was a bundle of rain with a wildcat in it," James Greene, 31, of Buffalo, N.Y., said after his 50-foot loaded semitrailer truck was lifted and turned sideways by the howling wind.

"I felt I was in the war," Greene said. "I was so scared that I was sick."

Greene's heavy truck was picked up on Interstate Highway 94 near Watertown, not far from where three persons were killed when two cars were picked up and smashed into fields.

The victims were identified as Edward Zimmerman, 33, of Cross Plains; his daughter, Susan, 7, and Ivan Schroeder, 52, of rural Waukesha.

Greene said he was headed toward Milwaukee when he ran

Three Tornado Bands Rip Across Indiana

INDIANAPOLIS, Ind. (AP) — Three bands of tornadoes ripped across Indiana Sunday night, killing at least 91 persons. Official estimates of the death toll ranged as high as 150.

Entire families died in the rubble of their homes. Motorists were killed when winds overturned their cars. The estimate of the injured soared toward 1,000.

State police listed 20 dead in the Elkhart area, but a newsman on the scene counted 44 killed and estimated the fatality count could reach 75.

** * *

One arm of tornadoes swept across six counties in northern Indiana, with 47 listed as dead and a possible toll of 106, based on unofficial Elkhart County figures.

Two bands of storms sliced through the nine counties in central Indiana an hour later, leaving an estimated 44 dead.

Rescuers picked through the rubble as the grim tally mounted. Police sent 18 planes aloft to survey the swaths of destruction and search by air for the maimed and dead.

No official would attempt to predict the final toll.

It was Indiana's worst disaster, debris and lined with crumpled cars. Power was blacked out over a widespread area. Hospi-

tals, their corridors crowded central counties. The victims with the injured, operated on came to several millions.

While search of the debris from shattered homes continued today in some sections, Indiana counted 109 dead, Ohio 39, Michigan 36, Illinois 7 and Wisconsin 3. Iowa reported extensive damage. There were three twister paths across the state's northern and central area. Power

and communication failures hampered any assessment.

The rampart weather front spun the twisters through the Great Lakes and Ohio Valley diminished today as it spread across the East and Southeast.

At least 22 towns had fatalities. Dunlap, southeast of Elkhart, had many dead in a hamlet of Limingrove in northeast Indiana.

The bodies of a family of four were found sprawled along a rural road east of Lebanon. Two

Broomfield Woman to Climb Mt. King George

SEATTLE (AP) — A Broomfield, Colo., woman is among 15 climbers scheduled to leave here today for an attempted climb of Mt. King George, highest unscaled mountain in North America.

Mrs. Marie Working is one of two women in the party, which will be led by Al Randall of Seattle.

Mt. King George, 12,300 feet high, became the highest unclimbed mountain after a party, including Sen. Robert F. Kennedy, conquered Mt. Kennedy last month.

The federal debt per capita has increased from \$325 in 1940 to about \$1,624 this year.

House Wants Popular Vote On Gas Chamber

DENVER (UPI) — The Colorado House of Representatives voted overwhelmingly Friday to leave the people of the state to determine whether to abolish the death penalty.

The vote was tentative, but it is expected to be sustained easily Monday morning. Then the bill will go to the Senate. "About two-thirds of the House favored the measure on a standing vote which followed an afternoon of debate, including some of the most impassioned speeches of the session. Only seven representatives in the chamber remained seated when the 'aye' vote was taken. There was no 'no' vote taken.

Rep. John Mackie, R-Loveland, made one of the strongest speeches on behalf of the bill, telling the House that people should not assume the role of God.

"I hope you can find justification to abolish this terrible, terrible thing," he said at the conclusion of his speech.

Rep. Daniel Grove, D-Denver, also urged passage of the bill, telling the House: "I can't for the sake of me see how anyone can cure an ill by using an ill."

Rep. Ben Klein, D-Denver, failed in an attempt to amend the bill so that the death penalty still would apply to persons who kill policemen, prison inmates who kill inside the prison or during escapes and persons convicted of second degree murder for the second time.

But another amendment he proposed was adopted. This one provided that criminals could be sentenced to life in prison without eligibility for parole.

Rep. Ruth B. Clark, R-Fort Collins, sponsored the bill. She said if it is enacted, it would be the first time in the history of the state that the people have had an opportunity to vote on this issue.

540,000 People Stricken By Cancer in One Year

Editor's Note: A veteran science editor traces the grim pattern of cancer around the world in this sixth article from his important new book.

By PAT McGRADY

Cancer probably affects every animal species that walks, crawls, flies, swims or burrows under the earth. But its most tragic victim is man.

Insurance company figures

indicate that in hours lost from

work and other financial ef-

fects, cancer costs Americans

each year more than \$12 billion.

This is, of course, the least

of its costs. The truly extor-

iate price is in human beings —

in mothers, fathers, wives, hus-

bands, sons and daughters.

The American Cancer Society

offers these figures for last

year: Stricken by cancer

540,000 people in the United

States. Within five years some

360,000 of these will be dead,

almost all of them from cancer.

In 1964, some 290,000 Ameri-

cans died of cancer — 155,000

men, 130,000 women and almost

50,000 children.

Until 1949, more women than

men died of cancer. At that

point two potent factors rever-

sed the trend. The rocketing

rise in lung cancer among men,

doubling every decade, and 2

The decreasing death rate in

women.

About 2.6 million people die

of cancer each year throughout

the world. At any given time

more than six million have can-

cer.

Cancer is a "disease of civil-

ization." As a curious sidelight,

until 1955 there was very little

cancer among animals in the

Philadelphia Zoo. Then, the zoo

improved the diet. All walking,

crawling and flying creatures

which earlier had been dying

of malnutrition and related dis-

eases began to live much longer

— and the cancer rate in all

species promptly started to

soar.

U. S. RATE IS AVERAGE

Cancer is most prevalent in

areas of good eating, good hous-

ing and good medical care. In

regions where people die early

of malnutrition, infections, war-

tare, cannibalism, addictions,

poor medical attention or filth,

the cancer death rate is very

low.

The U. S. cancer death rate is

only slightly above the average

for all modern nations. The

World Health Organization cal-

culated these age-standardized

statistics showing the cancer fa-

talities per 100,000 population:

Austria 177, Scotland 176, Fin-

land 171, Switzerland 164, Eng-

land and Wales 161, West Ger-

many 158, Netherlands 156,

Chile 153, United States 141,

Northern Ireland 140, France 141,

and Canada 139, Israel (Jewish

population only) 138, Norway

134, Australia and New Zealand,

130, Sweden 127, Italy 121, Ja-

pan and Puerto Rico 119, Trini-

dad and Tobago 103, Guatemala

95, Portugal 85 and Ceylon 29.

Only in the body site it pro-

tests does cancer discrimi-

nate between races, nationalities,

religions and socio-economic

groups.

Cancer death rates, generally,

are on the rise. In one area

One of the more reasonable

explanations for skin cancer

is for cancer will relent while

the cancer

death rate

is on the rise.

Peyton News

By MRS. LEROY COTTON — Phone 749-2335

An error was made in last week's news, which I would like to correct. Vicky Ratterree did not place third in the spelling contest as was stated.

Melvin Bailey received word Wednesday night that his 83-year-old mother, of Cleveland, Ohio fell and suffered a broken hip.

Mrs. Ullom, of Falcon called on Mrs. Melvin Bailey recently. Mr. and Mrs. Leroy Cotton and family called on Mr. and Mrs. Martin Finney and Mr. and Mrs. Archie Cotton and Arlene and Mrs. Jim Rhodes, all of Colorado Springs, Wednesday evening.

Mrs. Steve Mateyka would like to express her thanks for the many lovely cards and gifts she received for her birthday from friends and Peyton Ladies Guild members.

The regular monthly meeting of the Peyton Ladies Guild will be held April 14, for an afternoon meeting, at the home of Mrs. Sam Carpenter, with Mrs. Adra Baker and Mrs. John Lough as assistant hostesses.

Peyton Pals 4-H members don't forget the meeting to be held Monday night, April 12, at the home of Rosalie Brownell.

A house sparrow can rear several broods in one season.

Massive Power Failure Noted In Iowa Area

DES MOINES, Iowa, (AP) — Officials today sought the cause of a massive power failure which left more than 350,000 persons in northeast Iowa without electricity Sunday night.

Reports indicated tornadic winds which knocked out high voltage lines in Illinois, Indiana and the St. Louis area cut the flow on the Midwest power grid so that Iowa power companies lost their generating power.

The failure was similar in nature to an outage which cut off electricity in a five-state area of the upper Midwest Jan. 29.

Major Iowa cities affected in Sunday's blackout included Cedar Rapids, Waterloo, Dubuque, Cedar Falls and Mason City.

One utility spokesman said a sudden power drain caused by lines ripped by tornados automatically shut down generating facilities in Iowa, which had to be put back into operation locally. In most areas, this was accomplished within two and a half hours.

One twister was reported in Iowa. It cut a path across Cedar County, in the eastern part of the state, flattening farm buildings, killing livestock, and knocking down trees, utility wires and telephone lines.

Richard Dircks, 65, who farms near Clarence, Iowa, suffered severe head injuries when the tornado scooped up his house, lifted it 50 to 100 feet and smashed it back to the ground.

up and then forgot about the call.

(A Bell-McClure Syndicate Feature)

If you're hunting for fun, indoor games for an upcoming party in your not-so-large home, we've just the newsletter for you.

"Ele and Walt's Games-Letter" was designed with compact rooms in mind. All games to Moscow to cooperate for included in it can be played in peace and development in an area of just 12 by 12 feet. Southeast Asia. That evoked

Soviet efforts to minimize the dissidence are complicated by President Johnson's challenge

to the Chinese to bring peace to the world. Red China could reject it quickly and in toto, but the Russians had to move more carefully.

From what Brezhnev said in Poland Wednesday, one might assume the Soviet reaction would be wholly negative. Yet

there are signs of Soviet interest in unconditional talks, should there be some means of executing an end run around Peking.

In fact, some aspects of Soviet diplomacy these days have the look of an attempt to isolate Peking in the Communist world.

A prospect of escalation of the Indochina war seems to worry Moscow. Brezhnev, in his speech, noted that while "there is no imminent danger of war here" — in the West — the U.S.S.R. is responsible for

guarding communism's western front.

The Berlin show thus looked like a staged demonstration of the possibilities, to bring home to the world's divided Communists the look of an attempt to isolate Peking in the Communist world.

Believing that a wife should always follow her husband, Tino

right after him. Then they drove off — in a car — for the rest of their honeymoon.

PARACHUTERS PLUNGE INTO MATRIMONY

PISA, Italy (AP) — Tino Feo

la, 24, and his bride Clara, 23, literally plunged into matrimony

when the telephone rings, it

could mean a prom invitation, news that Mom's surgery was

successful or that tomorrow's

committee meeting has been canceled or some other

welcome good news.

Once in a while, however, the

phone may bring bad, even ugly

and frightening news, as it did

to one of our readers.

Dear Ele and Walt: Tonight I

received a phone call that dis-

gusted me. This boy, who muf-

flled his voice so it was unrec-

ognizable, called me up. He

bluntly asked if I knew of any

prostitutes at our school. I

was so shocked!

I thought I had heard him

incorrectly, so I asked him to

repeat the question. This time

he asked, "Do you know any

'easy' girls?" I said, "No."

There was a pause and he sug-

gested things so terrible that

I slammed the phone down!

I can't tell you how badly I

felt after the call. Why do boys

do that kind of thing? Did I do

the right thing, or should I have

told him off? Did the boy call

me because he thought I was

"easy"? I just can't understand.

— Shock Up.

This is Ele at the typewriter

with a special message for our

feminine readers.

Almost every girl, especially

if she's attractive, will receive

an unwelcome call at some time

or another. It may merely be a

pesky schoolmate insisting on a

date. Or it may be a more un-

pleasant call, anonymous and

vulgar.

Sometimes a girl gets such

calls because she openly in-

vites them by wearing too tight

clothing and low-cut blouses,

and being too agreeable and too

friendly. Many times, however,

respectable, decent gals receive

similar calls.

Why? Simply because they

are attractive enough to gain

admiring male glances, no

matter how unpleasant or un-

welcome they may be.

Let's take a look at the fel-

lows who make these phone

calls. They're usually physically

unattractive and emotionally

handicapped. Often, they're un-

able to relate wholesomely and

satisfactorily to females. Thus,

the telephone becomes the only

means of contact with the op-

posite sex. These are the fel-

lows, too, who purchase the

girly magazines and cheap

adult sex books and pore over

them for hours.

It's easy to pity this kind of

fellow, isn't it, knowing that he

knows no other way to develop

normal friendships with girls?

If you receive a vulgar call,

you can do one of two things:

(1) slam the receiver down as

soon as the speech becomes vul-

gar, or (2) calmly inform him,

"What you say makes me very

unhappy. How would you feel if

someone made a remark like

that to your sister or mother?"

Then hang up.

Repeated phone calls should

be called to the attention of the

police department and the

phone company. A tracer may

be placed on your line, or the

phone company may give you a

temporary unlisted phone num-

ber.

Just one last suggestion:

when the phone rings, insist on

knowing who's calling. If it's a

voice you don't recognize, don't

give your name even if the other

party asks for it. If he re-

fuses to identify himself, hang

Berlin Show Not Help for Red Leaders

By WILLIAM L. RYAN

AP Special Correspondent

The noisy Soviet show this week over Berlin evidently accomplished next to nothing for the Kremlin, leaving it frustrated as ever in attempts to pursue its policies against the background of the world Communist

Communists.

In some respects, the Berlin

ruckus seemed directly con-

nected with the ideological

quarrel and an unwelcome pros-

pect of worse to come this sum-

mer. It seemed closely con-

nected, too, with Soviet dilem-

mas regarding Viet Nam and

Red Chinese opposition to Soviet

influence there. The excuse for

the Berlin show was the meet-

ing in West Berlin of the West

German Parliament, but it ap-

parently had another purpose —

an object lesson for the world's

Communists.

While the improvised Berlin

crisis was in full bloom, Soviet

Communist chief Leonid I.

Brezhnev was speaking in Poland.

Some of what he said sounded

like a last-ditch appeal to Pe-

king to close communism's bro-

ken ranks.

Soviet policy in Asia

New 'Progressive Republican' Group Announced

By STERLING F. GREEN
WASHINGTON (AP) — The banner of progressive Republicanism, tramped in the Barry Goldwater stampede at the 1964 convention, is being hoisted by a new political organization, Republicans for Progress.

Arkansas Town Clears Debris After Tornado

(Continued From Page One) chapter, estimated damages at more than \$10 million. A state insurance investigation team put the amount at approximately \$5 million.

A Red Cross check showed 94 persons were injured, with 69 of those treated and released from the city's only hospital — an 80-bed facility. Ten others were taken to hospitals at Little Rock, 30 miles south of here. Fifteen remained hospitalized here.

The homeless who spent Saturday night in churches, gymnasiums, motels and the homes of friends began returning Sunday to salvage what they could.

The storm forced evacuation of 500 youths from the Arkansas Children's Colony, a state institution for the mentally retarded. Most were taken to Arkansas State College and Hendrix College, a private school.

Parents began picking up the children Sunday to take them home until an estimated \$1 to \$2 million damage to the colony could be repaired.

Conway was sealed to all but through traffic, rescue vehicles and persons living in the city.

State troopers, civil defense workers and volunteers patrolled streets to direct traffic and prevent looting, and check ruptured fuel tanks and gas lines.

Mayor Walter Dunaway, was in his sister-in-law's house when the tornado hit.

"I was in the middle of it," Dunaway said. "The first thing I heard was a tremendous roar. It came through the house tearing off the doors and windows. I watched it and saw debris and everything flying in the air."

Toledo Hardest Hit City as Ohio Is Struck

(Continued From Page One) over" and some injured were taken to Lima, 15 miles southwest.

While twisters sliced across the north, the storm dumped heavy rain on central Ohio. Five persons were hurt when strong winds blew down a house near Lancaster.

As dawn came, rescue workers and officials began to dig for possibly more dead.

"Everything is still in a jumble," said a sheriff's officer in Findlay.

The city of Van Wert was not hit, but a sheriff's officer there said there was no way of counting the dead and injured in rural areas because of the lack of power and communications.

Fifty houses were destroyed and 80 others damaged in a north Toledo residential district near the Michigan state line. Four tractor-trailer trucks on the expressway were toppled.

Temporary morgues were set up in Toledo and Oberlin to handle bodies for the Toledo and Pittsfield twisters.

Hospitals were jammed with injured. Civil defense and auxiliary police units were pressed into service.

Temporary shelter was set up in a Toledo school for families left homeless.

Wide areas were blacked out. "I don't think I saw one light the whole time I was out — I mean traffic lights, street lights, nothing," said Soldering after a tour of the Toledo area.

Many houses just collapsed. Others were shoved from concrete slab bases. "It seemed as though the house was being lifted from its foundation," said Mrs. John Baranski. "And everything started to crumble."

In the Cleveland suburb of Columbia Station, Diane Louise Vale, 10, was blown from an upstairs bedroom but survived. The tornado there struck with "a big 'whoosh' like a shell, like an explosion hitting near you," said her father, George Vale Jr., 33.

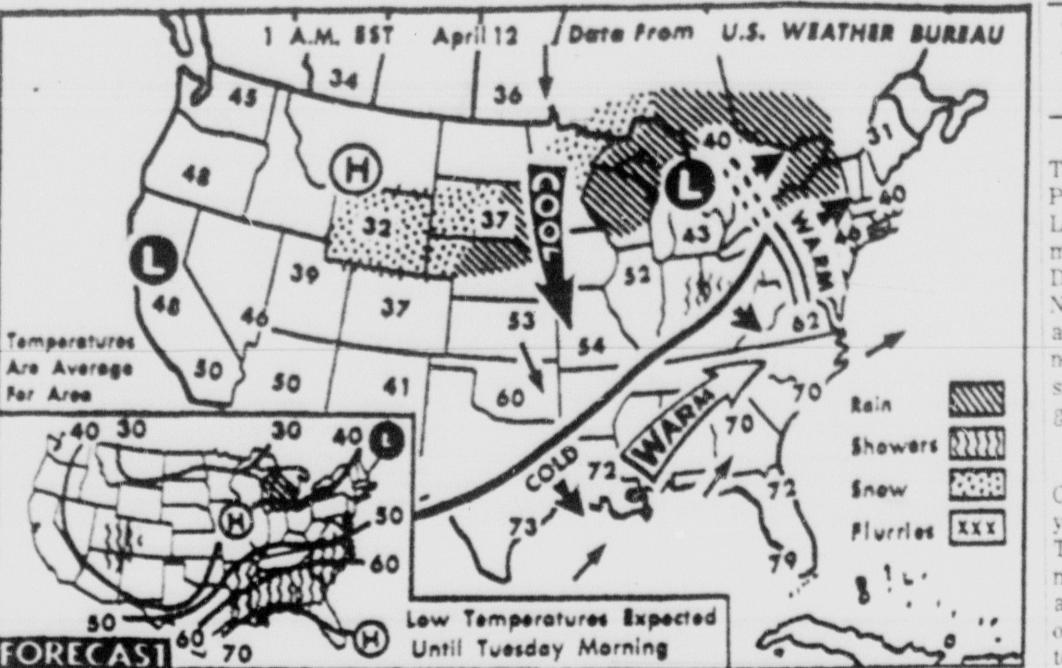

Parts Stolen From Car on Sales Lot

Robert E. Warif of Eddie's Used Cars, 402 W. Pikes Peak Ave., reported to the sheriff's office over the weekend that parts worth \$133 had been stolen from a car on his lot.

The theft happened Friday or Saturday, Deputy Sheriff James Lewis said.

Seventy-two per cent of the vehicles being operated in the nation are three years old or over. The average passenger car is six years old and average truck is eight.

KARACHI—Pakistan plans to do more commercial fishing.

WEATHER BUREAU FORECAST — Weathermen predict rain Monday night in the Pacific Northwest, Great Basin, lower Mississippi Valley to south Atlantic states and parts of Lake region. It

will be milder from Pacific coast to central Plateau and in south Atlantic states. It will be cooler from Plains to Ohio Valley and into mid-Atlantic states. (AP Wirephoto Map)

Woman Who Found \$30,000 Gets \$1,000

ROCKFORD, Ill. (AP) — Mrs. Carol McKenzie was \$1,000 richer today after giving up \$30,000.

The \$30,000 was in a Brink's Inc. bag which Mrs. McKenzie found Friday lying in a gutter outside the First National Bank and Trust Co. and the law office where she works as a secretary.

Mrs. McKenzie, 30, reported her find to Carl Applequist of Chicago, assistant general manager for Brink's central region. She turned over the \$30,000 to him and got in return a \$1,000 reward.

Applequist said the bag apparently had fallen out of a Brink's truck after it was picked up at the bank.

U.S. Still Waits For Answer From North Viet Nam

WASHINGTON (AP) — Undersecretary of State George W. Ball says despite tough, negative comments in the North Vietnamese press "North Viet Nam has not rejected anything."

The United States, he said Sunday, is still waiting for the Hanoi regime's official reply to President Johnson's offer of "unconditional negotiations" on the war in Viet Nam and to a

similar appeal containing the same proposal from a group of 17 nonaligned nations.

Ball, interviewed on the CBS radio-television program "Face of the Nation," said the United States has had no indication what position North Viet Nam will take on the offer.

If they reject it, he said, "We will continue what we are doing. We will continue to respond in a measured and appropriate way while continuing to leave the offer on the table."

In response to another question, he said: "The United States will do what is necessary to live up to its promises and live up to its objectives in this area."

The official North Viet Nam paper said Friday: "We resolutely fight to the end, that is our answer." And Radio Hanoi blasted what it called Johnson's "deceitful peace allegation."

Secretary of State Dean Rusk, returning here Saturday from the Central Treaty Organization meeting in Iran last week, said "It represents a major new commitment of the federal government to quality and equality in the schooling that we offer our young people. By passing this bill, we bridge the gap between helplessness and hope for more the five million educationally deprived children in America."

Persinger, 24, a factory worker, said their trailer was rolled over several times, vaulting a small block building nearby. It settled into a pile of splinters 100 feet away.

"When I got up," he said, "I saw my wife's face nearly buried in the mud. I helped her up." His sister, Cora, 19, said of the twister, "It sounded like a train a-comin'. The kitchen window blew out and the next thing we knew we were all rolling."

Persinger said he had been planning for six months to build a home. "I am glad I waited now," he said.

Persinger, his wife and sister suffered only minor injuries.

NEW OFFICERS INSTALLED — New Reserve Officers Association officers for the year were named at the Officers Club at the Air Force Academy Saturday night. Lt. Cmdr. Forrest McWilliams, (left) past ROA president

CC Faculty Wives to Have Guest Tea

The Colorado College Faculty Wives guest tea will be held at 3:30 p.m. Thursday in Rastall Center Lounge on the college campus.

Music will be provided by Mrs. Margaret K. Smith's string ensemble of young musicians.

Invited to pour are Mrs. Richard Bradley, Mrs. J. Julius Baird, Mrs. Kenneth Burton, Mrs. Leon Eastlack, Mrs. J. Douglas Mertz, and Mrs. Darnell Rucker.

All members are invited to attend and may bring a guest.

Co-chairmen for the tea are Mrs. Elmer Peterson and Mrs. William Fischer.

When you are cooking apples to serve as an accompaniment to pork, halve the fruit and then remove the core. Cook the apple halves in a large skillet in sugar syrup. For a pretty color, add a few drops of red coloring to the syrup.

**California Man
Discovers Way to
Hold False Teeth**

BAKERSFIELD, Calif. — A new discovery called Acryline is big news. Uses say it fits plates so beautifully they can't believe it. Acryline uses a startling new vacuum principle. It flows on plates and forms an air tight seal. Users say this feels skin to natural teeth. This wonderful feeling lasts six months before a new application is necessary. Acryline is available at all drug counters.

It's Smart to Shop Downtown

you have...

- More stores of every kind
- The widest selection of goods and services
- Better values
- Protected parking
- and you...

PARK FREE DOWNTOWN

Free parking is yours when you shop Downtown. Simply drive into any one of the conveniently located parking lots, then have your parking stub stamped at any Park and Shop member where you transact business. Each stamp is good for one hour free parking.

THERE'S NO LIMIT TO THE TIME YOU PARK FREE

Thetas Will Honor CC Seniors

Col. Ruenheck
Will Address
Democratic Club

The El Paso County Democratic Women's Club will hold its regular monthly meeting at 1 p.m. Saturday in the Crystal Room of the Alamo Hotel.

As an added attraction to the short business meeting, Col. Herbert H. Ruenheck, Professor of the Department of History at the Air Force Academy will present a talk on "History of Politics."

Col. Ruenheck was born in St. Louis and is a graduate of Kemper Military School. He has degrees from the University of St. Louis and New York University. In addition, he has a total of 19 years active military service. He has been assigned to the Academy since July 1957.

Hostesses will be Mrs. Jack Tillman, Mrs. L. B. Roberts, and Mrs. John Phillips. The biennial District XVIII convention of Kappa Alpha Theta was held in Boulder on April 9, 10, and 11. Representing the local Theta Alumnae Club were Mrs. Leigh Gustafson, delegate; Mrs. Ralph Markert, alternate; and Mrs. Ray Holt, Mrs. Robert Howard, Mrs.

Mile Yalich, Mrs. Harry Townsley and Mrs. Tom Graham.

For further information concerning the senior social, call Mrs. Gustafson 636-2660. All Thetas in the Pikes Peak region are urged to attend this special program and meeting.

Society and Club Activities

By GLAD MORATH

LWV OFFICERS—The League of Women Voters met for luncheon last Thursday at the Colorado Springs Country Club when new officers were elected. From left, they are: Mrs. A. K. Mallen, treasurer; Mrs. Robert Grimes, first vice president; Mrs. Philip Hunkle, secretary; and Mrs. L. T. Kircher, president.

(Gazette Telegraph Photo)

Questers Stage Annual Get-Together Exhibit

The six Quester Chapters of past president of Columbine Chapter.

Florence Harder, president of Chipeta Chapter, was master of ceremonies, giving a short resume of each chapter, date organized, and explaining the significance of its name and displaying the symbols used by each chapter. Mrs. Bogue uses the automated high-wheeled bicycle with rider as her symbol, because she is "continually on the go."

Velma McPeek, president of Timpuite Chapter, in a dress and hat which belonged to her mother, led the group singing of several favorite old songs. William Hogsett, husband of a Chipeta member, was at the piano.

Guest speaker, Miss Dorothy Smith, curator of the Pioneers Museum, talked on the history of the establishment of this Museum, how some of the collections were obtained and from whom, and other interesting sidelights.

Another guest speaker was C. J. Calvert, retired Navy officer, and a full-blooded Hopi Indian, in full regalia except for the War Paint, displayed and explained many artifacts belonging to his tribe. His Indian name is "Blue Bird," and he is a native of Colorado Springs. He concluded his talk by singing both in Indian tongue and English, while accompanying himself on a tribal drum, made by his grandfather, and given to him when three-years-old.

All six clubs are participating in the setting of a table for the Tournament of Tables at the International Center April 23 and 24.

Carson Wives Club to Award Scholarships

The Ft. Carson Officers' Wives Club is awarding two \$500 scholarships for furthering education beyond the high school level on either a collegiate or technical program.

One \$500 scholarship will be given by the Thrift Shop project to the dependent son or daughter of any Army personnel on active duty at Ft. Carson.

The other scholarship, also in the amount of \$500, will be given by the Officers' Wives Club to the dependent son or daughter of an Army officer on active duty at Ft. Carson.

Applications may be obtained from the school's student counselor. The application, a transcript of high school grades, and an essay of 500 to 1000 words reflecting the applicant's interests, activities, and reasons for seeking a higher education, should be submitted to Mrs. Joseph C. Kiefe Jr., Qtrs. 25, not later than May 15.

Business Circle Will Meet at Church

The Business Women's Circle of the First Methodist Church will meet in the church parlor at 7:30 p.m. Wednesday, when Mrs. Harold Gates will present an Eastern program, and Tulsa Bennett will give the devotions.

Beta Xi Plans Jewels Ritual

Members of Beta Xi Chapter Beta Sigma Phi will meet at 7:30 Monday evening at the home of Mrs. Cliff Wieger 108 W. Cheyenne Rd.

Following the regular business meeting the Ritual of Jewels will be administered to the following pledges: Mrs. Charles Collier, Mrs. Jack Kistler, Mrs. Ben Means, and Mrs. Jerry Kozak. Chapter president Mrs. James Quigley will preside at the bringing validated Gold Bond Stamp book backs for the 4-H project.

An April Fool's Day party was held for the chapter at the home of Mrs. Ben Means. The guests expressed their versatility in a wide range of homemade paper costumes with first prize for originality going to Mrs. Paul Zenobia.

Student Nurses To Be Honored at Tea

The Practical Nurses Association will honor students at Penrose and St. Francis Hospitals at a tea from 2 until 4 p.m. Sunday, April 25, in the Margaret Reed Nurses Home.

Instructors from both schools and all licensed practical nurses are invited to attend.

Hillside Club Plans Luncheon Easter Party

Hillside Home Demonstration Club will have a covered dish luncheon at noon Thursday, when hostesses will be Mrs. Alan Beckman, Mrs. Richard Graves and Mrs. Edwin Rieb.

Prizes will be awarded for the cleverest Easter bonnet, and there will be a blind auction of cookies, candies and other items. Members are reminded to bring validated Gold Bond

Stamp book backs for the 4-H project.

Mrs. Floyd Drummond will give the inspiration and all members are urged to attend.

Relief Corps to Give Flag to School Tuesday

Woman's Relief Corps 4 will present a flag to the Sacred Heart School, corner of 21st St. and Pikes Peak Ave. at 2:45 p.m. Tuesday.

Ever serve broiled or panfried lamb chops with tomato sauce? You may use canned tomato sauce and enliven it with onion, celery, green pepper and green olives.

NEW WAY TO BE SUDDENLY SLIM FOR EASTER

COLORADO SPRINGS — Are you a woman who looks good? You may be thrilled by the new easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you are over 150 pounds, however, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, another figure. Suddenly Slim is an entire kind of science. One startling innovation is the "slimming" of your pants. It's particularly different by science process and science gives it a special slimming action border. A feather-weight, slimming, elastic band, each side of this border, contours your hips. If they are a problem.

Dear Abby—

By ABIGAIL VAN BUREN

A Lawyer's A Lawyer

DEAR ABBY: I am writing to you about your response to NO KEY IN MANHATTAN. The writer said that her employer advised her of her legal rights, and you replied: "Unless your employer is a lawyer, don't regard his word as 'law.' I think your sarcasm was pointless. Am I to understand by your remark that only a lawyer should know anything about law?" Every tenant worth his salt knows his rights and his landlord's obligations — NO LAWYER IN ANAHEIM.

DEAR NO LAWYER: You are substantially correct: tenants and landlords should know their rights and obligations. But because the law is so complicated (and laws differ from state to state) the most reliable source of information in the event of a dispute is a competent lawyer. A man with a broken arm can't get a doctor fast enough. But a man with a broken contract resents shelling out for legal advice. I say, if one has a legal problem, hunt up a lawyer and pay him for what he knows.

DEAR ABBY: I hope this gets printed because my husband reads your column and I haven't the nerve to tell him this. We have been married for 15 years and have a lovely family.

DEAR ABBY: I know you get lots of letters on how to make a marriage work, but I would like to tell you how my mother and father make theirs work. I am 14 years old and have two brothers and three sisters. Well, when my father comes home from work, the first thing he does is go in the room where my mother is and kiss her hello and say, "I love you, Honey." He still holds her on his lap once in a while, too.

My mother is 41 and my father is 47 and they both answer any questions any of us kids ask them. If we want to do something they don't want us to do, they won't let us. But they always tell us why.

Don't think my parents aren't strict because they are. None of us kids get to do anything for recreation until all our work is done. I couldn't ask for better parents. —HAPPY IN O.C.

CONFIDENTIAL TO "Ernie Hice in Harrisonburg, Va." Thank you for paraphrasing the old saw, "If the shoe fits, wear it." I like yours better. "You have to wear the SHOE, lady—not the size." I recommend it to more shoe salesmen whose women customers demand a smaller size than they should wear.

N.Y. News Syndicate, Inc.

QUESTION: We have a new preacher in our church and he says things that conflict with what we have been taught. I am confused as to what to believe. E.R.

ANSWER: Open your Bible and read the Gospels. Listen to what Jesus said. You can depend upon his words.

Then read all the Bible says about Jesus. He revealed the truth by His life as well as by His teachings. Notice how He prayed as He began His ministry. He prayed when He was weary. He prayed when He was perplexed. Follow His example in prayer. Carefully study how He spent His days. See how He loved everyone — the rich and the poor, and the good and the bad, the children and the crippled. He loved them all. And wherever Christ went He reached out His hand to help. As Christians we must follow His example. WE must love as Jesus loved.

Arguing about theories will only make you more confused. Don't waste time debating what you believe. Say, with Paul: "I know 'whom' I have believed. I Timothy 1:12). If you believe in Jesus, and His Way, that is enough.

Love Proposal Gets First Okay

DENVER (AP) A bill creating a coordinating committee for higher education — one of the major legislative proposals of Gov. John A. Love — was introduced to the Senate with the reported out Friday by the House Rules Committee for debate. The bill would create a commission to give broad direction to all the institutions of higher learning.

Republican backers of the bill have served notice they will oppose on the floor Democratic amendments which they maintain would weaken the commission and the world.

**Churchman Talks
In Harlem Church**

NEW YORK (AP) — The Rev. Eugene Carson Blake, chief executive officer of the United Presbyterian Church in the U.S.A., addressed a Harlem congregation Sunday after becoming godfather of a member's child.

Dr. Blake became the spiritual sponsor of Roland K. Fortune Jr., infant son of Mr. and Mrs. Roland K. Fortune, of the Church of the Master.

In his sermon, Dr. Blake praised President Johnson's concept of the Great Society as "a vision of what is possible as never before."

Ever striving for the Pikes Peak Region to be an even better place to live.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is self-control, no more, no less. It must be consistent with the truths expressed in such great moral guides as the Golden Rule and the Declaration of Independence.

Monday, April 12, 1965 Gazette Telegraph—9-A

Disengagement

Most of the people of this country are appalled by what is happening in various parts of the nation, notably in the South, where so-called "freedom marchers" have demonstrated repeatedly in an effort to exert public pressure in favor of some particular political privilege.

The feeling of dismay is not confined to this country.

Around the world, reasonable men and women are aghast at the repeated disorders, the incidence of violence, the bloodshed, the hatred revealed, the increase in tension, the utter failure to arrive at a point where the conflicting forces subside.

We are not seeking to suggest that the Negro has always been treated with the consideration and kindness he deserves as a human being. There are many instances of injustice here, although the Negro is not the exclusive recipient of injustice. All of us, regardless of race, creed, or nationality, have been victimized by forceful intrusions against our rights at various times and in various ways.

The problem is to reduce the instances of injustice at all levels and with all peoples. The method being employed—agitation, riot, violence, and legally invoked bayonets or guns—creates further injustices, even as it seeks to eliminate prejudice.

To his credit, Martin Luther King (and some others of his race) have preached non-violence. It is from this preachment that their strength arises.

In the results obtained, violence is always less welcome and less satisfactory than non-violence.

But what Mr. King, and others, have not seen is that the government itself, called upon to make laws which proscribe prejudice, is both the instrument and the creator of further violence. Nor can this imposition of violence be viewed as a method for diminishing acts of injustice.

It is with sincere intention of seeking to reduce both violence and injustice that the following suggestion is made:

When demonstrators seek to agitate for any reason, to reduce injustice, and to preclude the possibility of violence, our task should be to disengage.

If Mr. King and his marchers wish to march, let them.

Consider what would have happened in Selma, or Montgomery, or anywhere else, if those involved will disengage.

Salutin' Newton

Any business that can keep Stop at Newton's plant and operating for 93 years, keep see their modern equipment and abreast of changing times and materials and you will agree the customers' changing needs, that it is, in spite of its age, a and keep growing as the community grows, deserves a salute. We are happy to doff our Stetson to the Newton Lumber Company, long may it lumber on as it has been "Lumbering along since 1872."

It is doubtful if any Colorado Springs concern can boast of more friends or more loyal ones, than Newton's has had, and still has. Satisfying customers is a habit of long standing with this company, which was founded the year after the first location stake was driven in the city of Colorado Springs.

Ugly Sound of Silence

Among the many idiosyncrasies developed by Americans over the years, one of the strangest is our passion for sound and our evident dread of silence.

We live our lives amid the strident noises of workday commerce: The clatter of the jackhammer as it rips up the pavement, the whine of ceiling traffic, the wail of the police or fire sirens, the roar of the jets and the heavy trucks.

You might think that when we finally reach the sanctity of our homes in the evening we would revel in the quietude of privacy.

Not so. We hurry to the radio, the television set or the stereophonic hi-fi and turn it on full blast. Most of us keep on until we are ready for bed.

And now we don't even have to hold the radio. There's a hat which features a radio pocket — right next to the ear.

Yes, it looks as though we have just about got silence kick-

QUESTION: Do you think that Colorado should establish a Public Defense system?

JAMES LACKAMY Jay CONOVER

JAMES LACKAMY, Fountain Valley. "Yes, I do... well, there are many people who can't afford an attorney, and who are very ignorant of the law. I think a public defender system would help a great many people."

JAY CONOVER, 2608 Jay Pl., "I don't really know... of course the legal aid society seems to be taking care of some of the problems. I think they're doing a good job."

BILL LaPRADE, 1815 N. Tejon. "Yes... well, I think everybody is entitled to counsel... many people can't afford to retain an attorney or they don't know whether they can or not. I think a public defender system would be more in keeping with the workings of our legal system."

WILLIAM RUSH, 1836 Armstrong. "Yes... it should... they need a little more law and order around here... there's not enough respect for the law. I think a public defender would help a lot, yes."

MANUEL PEREA, 1330 E. Ash, Pueblo. "I guess it'd be alright... I don't know too much about it... seems to me that a lot of people can't afford a lawyer when they need one."

RONN CARR, Denver, Colo. "Definitely... actually, we need it... seems to me that a lot of who can't afford an attorney."

ERNEST LOVELACE, 623 N. Weber, Arvada. "It's about time America woke up and turned in the right direction."

M. J. BENNETT, Arvada. "Inventory To the Editor:

Gina Is Given Borrowed Rocks After Tax Haul

HOLLYWOOD (AP) — Gina Lollobrigida, de-jewelled by tax agents, is bejewelled again — in borrowed rocks — thanks to comedian Bob Hope.

The Italian actress' jewelry box was seized from her hotel safe Friday by California tax men who said she owes more than \$13,000 in state taxes.

"I feel naked," was her disconsolate response to being stripped of the gems.

Hope, hearing of her plight, called Beverly Hills jeweler Marvin Hime, who lent Miss Lollobrigida about \$750.00 in jewels Sunday "to bolster her morale" while she taped the Bob Hope television show for which she came to this country.

The California Franchise Tax Board said Miss Lollobrigida's debt dates from 1959, when she made a film here with Frank Sinatra. Officials said they had tried many times to collect the money, and in 1964 filed liens against any personal property she might have in California. The jewels were seized under the lien, they said.

Miss Lollobrigida commented, "Even the Mafia gives at least one warning." She said she didn't know she owed any California taxes.

She said she offered, after the jewels were seized, to pay the back taxes by check, but that the agents wouldn't accept it until her Swiss bank okayed the check. By the time she got a call through to her bank, she said, it was past closing hours and "there wasn't even a scrubwoman there to answer the phone."

"What is so incredible to me," she added, "is that the tax people wouldn't believe I have assets."

Love Signs Garnishee Bill

DENVER (AP) — A bill sharply restricting garnishment of workers' wages for unpaid debts was signed Friday by Gov. John A. Love.

The bill, sponsored by Rep. Gerald Kopel, D-Denver, provides that a complaint must be filed in court before any wages, fees or commissions can be garnishees. An appearance in court by the defendant voids the garnishment until a judgment actually is entered against him by the court.

The bill was one of seven signed by Love, bringing his total for the year to 73. He has not yet used his veto power.

Other bills signed included House Bill 1139 providing that a motor vehicle license may be revoked if it is paid for by a bad check.

Senate Bill 5 establishing a claims commission composed of

Communists Discriminate Against Blacks

By PHIL NEWSOM
UPI Foreign News Analyst

In the small nightclub within the Hotel Balkan in Sofia, Bulgaria, the slender, well-dressed Negro student stood before the juke box and danced a lively but lonely twist.

Amid crowded tables and a babel of tongues, he obviously was alone.

An American experienced in the Soviet Union and the East European satellites sitting alongside this correspondent remarked:

"You know, the surest way to insure an anti-Communist Africa is to let all African students go to school in Communist countries."

The incident came vividly back to mind in the story of the 29 Kenyan students who this week returned to Nairobi with tales of beatings and hostility at a Soviet university in Baku.

It was not a particularly new story but it was another illustration of a gross roots failure in the Communist propaganda system which trumpets love and affection for the African.

Communist-led friendship societies lure the African student to the Soviet Union or the satellites with promises of a higher education. Away from home the disillusionment sets in.

Armed Bulgarian militiamen stand at either side of the double doors leading from the street into the United States legation in Sofia. Their assignment specifically is to discourage visitors.

But Africans assigned to study in Sofia are daily visitors.

"Many are not qualified for higher education in the first place," an American stationed in Sofia explained.

Slyvester implied that the pilots of the F4B fighters elected to break off the engagement rather than pursue the MIGs further. But he said he did not know whether this was because of weather, fuel running low or for some other reason.

They were recruited at random through the friendship societies without regard to background or qualifications.

"Once they get here they find they cannot get degrees in law, medicine or agriculture without first going through Communist political indoctrination."

Many of the young students appearing at the U.S. legation ask transfers to schools in the United States. Others are not quite sure what they want.

Their allowance is approximately the equivalent of \$80 per month, about the average national income. It's not much, but more important, they are social outcasts, subject to mockery or attack at every attempt to mingle with the people.

In Bulgaria, there are about 1,500 foreign students, including many Africans. Others come from South America, especially Chile.

In the Soviet Union there are about 22,000 foreign students, including more than 1,000 from a dozen or so of the new African nations. There, the disillusionments are repeated.

They are recruited at random through the friendship societies without regard to background or qualifications.

DISCOUNT**

On the basis of spending \$40 a week for groceries at Furr's BIG VALUE DISCOUNT, you can save a minimum of \$4 a week, or some \$200 a year. This is the new concept in the food business . . . that of more savings for you, the consumer! We've streamline out operations, have taken advantage of the tremendous buying power of BIG VALUE and turn the savings back into your pocketbook!

Rotary Delegates From 40 Clubs Meet Here

More than 400 delegates from 40 clubs in southern Colorado and northern New Mexico convened in the Broadmoor Hotel today for the annual District 547 conference.

Speakers during the three-day meeting, which opened Sunday, include Ray Jenkins, director of International Studies at Bradley University, Peoria, Ill.; Dr. Ignacio Mijares, specialist in ophthalmology, Monterrey, Nuevo Leon, Mex., and a panel discussion on international service by Dr. Fred Plachy, president of Adams State College; Peter Ziervogel of Goslar, Germany and Mario Paulsen from Oruro, Bolivia.

Claud D. Smith, president of Smith Chemical Co. of Grand Junction, and Rotary governor of the district, is presiding at the annual conference.

A Rotarian of the district will be nominated during the meeting to serve as governor during 1965-66. He formally will be elected at Rotary's 1965 convention in Atlantic City, N. J. and will take office on July 1.

The three-day conference program includes plenary sessions, group discussions pertaining to Rotary and of activities relating to the district and to Rotary world-wide.

Two resolutions on the Castle Concrete Co.'s limestone mining operations north of the Garden of the Gods are on the agenda for Tuesday's City Council meeting.

The council will not necessarily pass the resolutions.

One resolution would request the U.S. Bureau of Land Management to withdraw all the area of the Rampart Range facing Colorado Springs, and particularly that area within the city limits or adjacent to it, from the filing of any and all claims for mineral or mining development.

The other resolution would express the city's concern in the present operation of Castle Concrete for "defacing a large area on the Rampart Range."

Public Health Meeting Set At Broadmoor

Dr. John D. Porterfield, coordinator of medical and health sciences at the University of California School of Public Health, will be the keynote speaker at the 28th annual meeting of the Colorado Public Health Association April 20, 21 and 22 at the Broadmoor Hotel.

The subject of the keynote address, to be given at a noon luncheon meeting April 20 will be "New Tunes for New Times in Public Health."

Dr. R. Samuel Johnson, Denver director of public health, will speak to the first general session that afternoon on "What's Wrong with Public Health in Colorado?"

The second general session on April 21 will be devoted to communicable diseases in Colorado, with special attention given to salmonellosis in commercial food establishments, in mass feeding, and in hospitals.

Speaker will include Dr. Richard N. Collins of the U.S. Public Health Service Communicable Disease Center, Atlanta, Ga.; Dr. J. Douglas McCluskie, Denver director of environmental health; Dr. Charles H. Dowding Jr., director of the Boulder City - County Health Department; and A. W. Ferguson, administrator of Parkview Episcopal Hospital, Pueblo.

Dr. Ruth B. Howard, Denver president of the Association, will address the third general session on the afternoon of April 21 on "Progress and Problems of CPHA."

The fourth, and last, general session Thursday morning will consider, smoking, traffic safety, and poverty.

Speakers will include Dr. Roger Mitchell of the Webb-Waring Institute, Denver; Dr. Horace Campbell, Denver, chairman of the Colorado Medical Society's auto safety committee; and Bernard Valdez, Denver manager of welfare.

Concluding items on the agenda will be the annual awards luncheon Thursday, at which Dr. Roy L. Cleere, state health director, will preside, and a tour of the NORAD blockhouse and the Air Force Academy.

Two Booked In Probe Of Shoplifting

Paul P. Swank, 19, and Robert Gary McGran, 19, both of the Scenic Acres Motel, Cascade, were booked into county jail Sunday night for investigation of shoplifting, the sheriff's office reported.

According to Deputy Sheriff Ray Carey the pair were seen by Frederick L. Cooper, assistant manager of Safeway's Store, 1200 S. Tejon St., taking two cartons of cigarettes which they put under their coats.

Tests Set For Special Course Seniors

A select group of seniors in the two Colorado Springs High Schools will take some tests next month that may save them time and money later.

Seniors in advanced placement courses at Wasson and Palmer High Schools who take and pass these examinations will be eligible to apply for college credit and advanced standing on the basis of their work in high school advanced placement courses.

The colleges consider each application individually and decide whether to grant credit. In the past, however, local graduates have received up to 10 hours credit and advanced placement in one subject. This represents a considerable saving in tuition costs and shortens the time in college.

All state and private colleges in Colorado are participating in the advanced placement program. In addition, many of the best known institutions throughout the country are awarding credit and advanced standing for work in high school AP classes.

The 1964 Palmer and Wasson graduates who passed the AP examinations received credit at Yale, Columbia, Stanford, Rice, Carleton, Oberlin, and the Massachusetts Institute of Technology, among others. One student received eight quarter hours credit in English and an additional five quarter hours credit in history at a private Colorado university.

The AP program here began in 1960 with classes in English, and has since been broadened to include mathematics, history, and chemistry courses. Some fourth year Spanish students have also taken the AP examination and later received college credit although the fourth year of Spanish is not designated an advanced placement course.

With emphasis on independent study and research, work in high school AP classes is in general comparable to work in college freshman classes.

Alfred M. Gibb Died Here Sunday

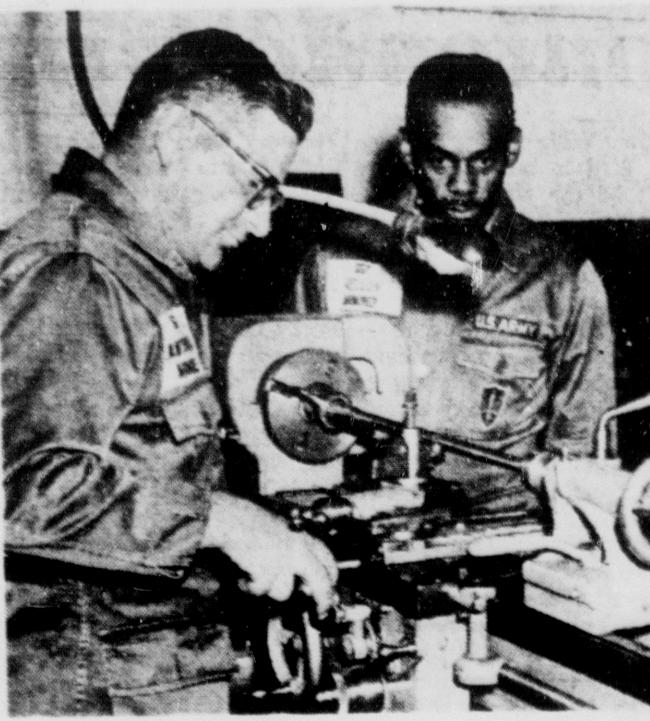

Alfred M. Gibb, 114 N. Sheridan St., retired insurance man and realtor, died Sunday at a local hospital. He was 81 and had resided in Colorado Springs since 1950. He was a member of the United Presbyterian Church.

Mr. Gibb was born on the Atlantic Ocean May 6, 1884. He is survived by his wife Mrs. Myrtle L. Gibb, of Colorado Springs; two daughters, Mrs. Gerald (Virginia) Bean, and Mrs. Fred J. (Katherine) Ralf Tacoma Park, Md.; three sisters, Miss Emily, B. Gibb, Miss Edith Gibb, both of Tarkio, Mo., Miss Eileen Gibb, Kansas City, Kan., and a granddaughter, Mrs. Katherine Howell, Denver.

Funeral services will be held in Tarkio, Mo., with burial there. Friends may call at the Law Drawing Room until 10 a.m. Tuesday.

Man Reports Theft Of Set of Silverware

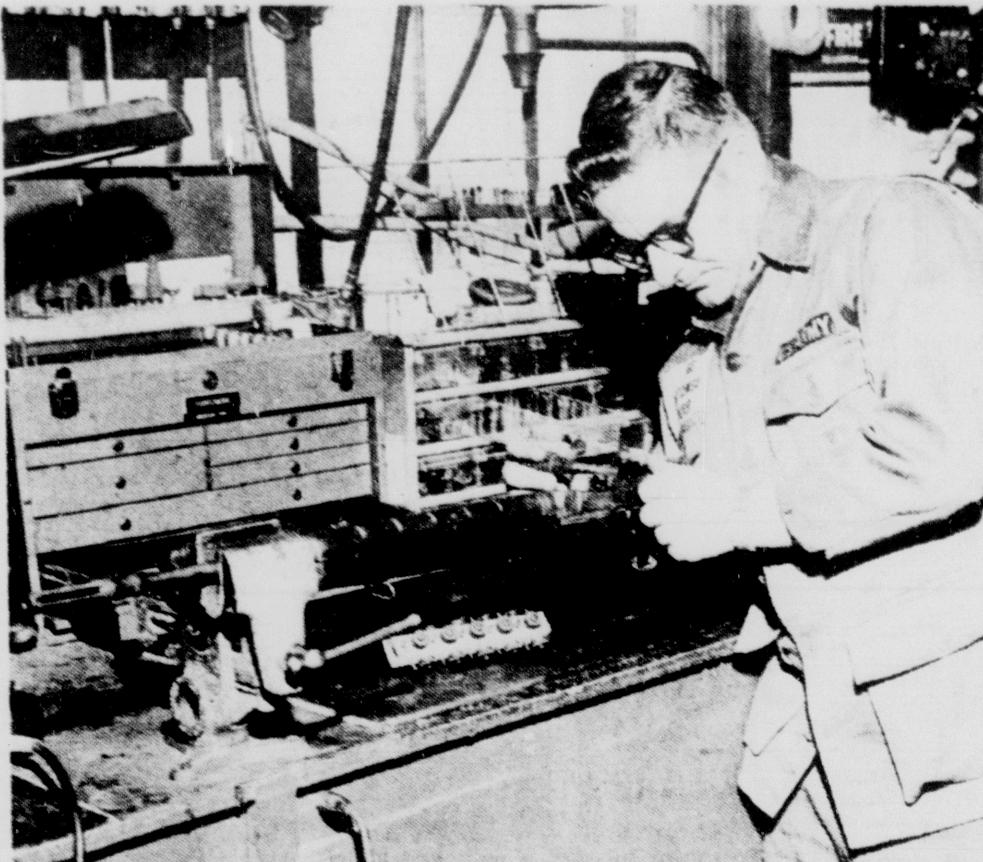

Silverware valued at \$100 was taken from a man's room by prowlers sometime prior to Saturday, police reported today. Thomas J. McGann, 112 E. Cucharras St., Apt. 3, told police he discovered the theft at 11 a.m. Saturday. McGann said an almost complete set of silverware and the box it was in were taken. He said a cigarette lighter valued at \$10 was also taken in the burglary.

TURNING A BARREL—Sgt. Leonard Kantowski and Sgt. Charles Nelson, rifle armorer with the ARADCOM Advanced Marksmanship Training Unit at Ft. Carson, turn down a barrel for the rifle match competition in the ARADCOM Small Arms Tournament.

CHECKS PISTOL TRIGGER — Sgt. Charles Nelson, armorer, checks the pistol trigger to make sure it has the four pounds pressure necessary for small arms tournament.

RIFLES CHECKED — The rear sight on an M-14 rifle is repaired by Sgt. Leonard Kantowski so that the gun will be as accurate as possible for the matches.

TIPS HELP — Last minute suggestions that will help in firing competition are given to Spec. 5 Gary Hartman by Pfc.

Air Academy High Reports Honor Students

Following is a list of honor roll students in Air Academy High School for the fourth six-week period beginning with the 12th grade:

Principal's List — Robert Culver, Cindy Dean, Ada Kirkman, Chris Kries, Jan Konigsberg, Larry McKee, Lin Miller, Bob Taylor, Linda Tudor.

Merit List — Peggy Brown, Ernest Bubb, Bruce Clark, Dan Coey, John Coltrin, Beverly Earhart, Renee Flavion, Idahlyn Fultz, Sandra Smale, Jone Svejkovsky, Kathy Timbers, Marry Walsh, Scott Haney.

Honorable Mention — Nancy Blair, Lynne Boone, Doug Dell, Diana Dyer, Tish Fleener, Jane Julius, Tom Krauska, June McInerney, Pat Navarro, Kathy Pearson, Millicent Smith, Marjorie Jones.

Eleventh Grade honor students follow:

Principal's List — Paul Anderson, Bill Andrews, Andy Arnold, Gail Davis, Kathy Fischer, Kathy Kregel, Buddy Martin, Melissa Moody, Terry Oesch.

Merit List — Arne Arneson, Lucinda Bunnell, Chuck Daley, Bob Dougan, Debbie Fairbanks, Bob Genuchi, Joy Havens, Larry Horton, Betty Jo Kirkpatrick, Lynn Miller, Gaye Moorhead, Dennis Shoemaker.

Honorable Mention — Sandra Carroll, Coleen Coey, Donna Gatlin, Randy Green, Sue Kile, Bill Kirkman, Matt Luksic, Jock MacInnes, Debra McCollom.

Honorable Mention — Sandra Gaffney, Katherine Gately, Cindy Haworth, Leslie Norton, Debra Rose, Eric Rosser, Pamela Russell, Barbara Smale, Dave Sparman, Ronald Sparkman, Ronald Sparkman, Pamela MacInnes, Debra McCollom.

Honorable Mention — Dan Weathers, Marsea Wynne.

St. Louis, Philadelphia Ranked Contenders in Senior Loop

By JACK HAND

Associated Press Sports Writer

St. Louis and Philadelphia are expected to emerge as the top contenders in a six-team National League race and the New York Yankees, Chicago White Sox and Baltimore Orioles are selected to fight it out in the American League according to the pre-season comments of the 20 big league managers.

The managers went on the record, more or less emphatically depending on their position, before the season opened Monday with an unusual nine-game program. The only teams not scheduled to start Monday, Baltimore and the Chicago

White Sox, will play their first game Tuesday at Baltimore.

Of prime interest on the program expected to attract 268,000 fans was the first official indoor game at Houston's domed stadium where the Astros were to meet the Philadelphia Phillies in a night game.

The St. Louis Cardinals, the World Series winners, opened defense of their National League pennant in Chicago.

In other day games Milwaukee helped Cincinnati stage its at Las Vegas the Yanks were 4-4 traditional gala opener, the Los Angeles Dodgers took on the American League with Baltimore 5-2 and New York Mets at Shea Stadium 7-2. In the National the um and San Francisco was at Giants were 3-1 with the Cardinals and Pittsburgh for a duel of new nials.

managers Herman Franks of bunched at 7-2 and the Reds 4-1.

The managers' comments: Johnny Keane, New York

"I've got the most talented group I've ever managed and I'm sure we'll win the pennant."

Al Lopez, Chicago — "We're

in better shape to catch the

Yankees than any year since I

came to Chicago. You can't dis-

count the Orioles and Yankees

as tough to beat.

Cleveland seems to have im-

proved. Our catching is better.

With Bill Skowron and John Ro-

mano they won't call us powder

puff hitters. And our pitching is

even deeper than last year with

Bruce Howard, Bob Lockett and

Tommy John.

Hank Bauer, Baltimore —

"I'm picking Baltimore to win it this time. Our guys profited from being in the race last year and that experience is valuable.

It's not gonna be easy. New

York, as always, Chicago, Balti-

more, Cleveland, Minnesota and

Detroit are good clubs.

"My club is improved on the

bench. The team that stays

healthiest has the best chance

and Baltimore's got as good a

chance as anybody."

Bob Swift, Detroit — "Six

teams will figure in the race.

They are Chicago, New York,

Baltimore, Cleveland, Minne-

sota and us. We have as good

a chance as anybody."

Bill Rigney, Los Angeles —

"No predictions. I never have.

I'm confident we're going to

have an improved early season.

By June 1 last year we were

10th. Despite a 66-50 record after

that we could do no better than fifth.

Birdie Tebbets, Cleveland —

"We're definitely a contender. I

agree with the 'experts' who

pick Cleveland behind New

York, Baltimore and Chicago.

The Yankees aren't what

they used to be. Whitey Ford

won't be the stopper he was.

Detroit's bullpen is stronger and

we have help in the infield. Al

Kaline wound up hot in Florida

and that's a good sign."

Rocky Colavito and Chuck Hin-

ton, improved pitching and good

defense. I expect 30 plus homers

from Colavito and Leon Wagner

and 20 plus from Hinton and

Max Alvis. Our main shortcom-

ing is overall defense but it is

improved."

Billy Herman, Boston — "I've

got to say the Yankees once

again are the team to beat.

They have a sound ball club and

don't beat themselves very of-

ten. Chicago and Baltimore both

figure to be tough with good

pitching and defense."

youngsters who should make

their pitching even better. They

have added right-handed punch

in Skowron and Romano. Balti-

more will be tough, too.

"I think the Twins have to be

better but I can't say how

much. We have guys in the bull-

pen who can save some games

for us. We've still got a lot of

room for improvement on de-

fense."

"Minnesota still has the pow-

er but pitching is a problem and

Cleveland will score runs. We

think we are better in pitching

and have improved our outfield

by moving Carl Yastrzemski to

left and Tony Conigliaro to

right."

Gil Hodges, Washington — "If

there was such a thing as a

three-sided coin I would flip it

among the White Sox, Orioles

and Yanks. If the Orioles win, a

comeback by Steve Barber

would be the key. We are much

improved because of our trades

with the Dodgers and Indians.

Mel McGahey, Athletics —

Reds Top Baseball Exhibition

By THE ASSOCIATED PRESS

Baseball's exhibition season has ended with the Cincinnati Reds on top in the Grapefruit-Cactus standings and Sandy Koufax's priceless pitching arm on ice.

Despite an 8-1 loss to the Chicago White Sox Sunday, the Reds paced major league clubs with a 19-9 record in pre-season play, which wound up Sunday night with Baltimore's 5-0 victory over Houston at the Astros' \$31.6 million domed stadium.

Regular season races in the American and National leagues began today with openers in nine cities.

Koufax, the ailing Los Angeles Dodgers ace, tested his arthritic elbow for the first time in two weeks, working three scoreless innings in a 2-1 victory over Washington, and then had the elbow encased in ice.

Sandy, who struck out the last five Senators he faced, said his arm felt great but added that he didn't know what the reaction would be. "It usually takes 24 hours before any reaction sets in," the 29-year-old southpaw said.

CAUSES OF PRURITUS ANI

Pruritus ani is so annoying that most victims "want relief or I will lose my mind." They are likely to rub or scratch the anal region to such an extent that the ensuing irritation hides the true cause. When this occurs, a simple routine is suggested to ease distress until diagnosis is made.

HIAST HERNIA

R. F. writes: Can a hiatus hernia strangulate like a hernia in the groin?

REPLY

The ordinary sliding esophageal hernia does not strangulate. This is not true when the upper part of the stomach protrudes thru a small opening in the diaphragm (diaphragmatic hernia).

DEAFNESS

D. A. writes: One doctor says otosclerosis is causing my deafness; another says it is due to nerve degeneration. I'm confused.

REPLY

Both may exist, so why not discuss this matter with the physician in whom you have the most confidence?

LOW BLOOD PRESSURE

H. N. writes: Will donating blood make low blood pressure lower?

REPLY

Donating blood may lower tension temporarily in those with high blood pressure but has little or no effect upon those with low blood pressure.

Memorial to Roosevelt Is Dedicated

WASHINGTON (AP) — Ambassador W. Averell Harriman dedicated a small marble memorial to Franklin D. Roosevelt today and said, "The only monument that mattered to him was the continuing commitment to his ideas and purposes — to his vision of a just society and a peaceful world."

Harriman joined with friends of Roosevelt and members of his family for the ceremony — held on the 20th anniversary of the wartime president's death.

The monument is small and simple, like he wanted it. It is located where he wanted it — on a little triangle of land near the National Archives Building on Pennsylvania Avenue.

"Today we execute his own expressed desire," Harriman said in his prepared speech, "and we do so knowing that we serve his memory best as we carry forward the ideals and purposes to which he gave his life."

"This is the monument which would please him most," said Harriman, who served Roosevelt in various posts and recently became ambassador-at-large after a period as undersecretary of state.

Harriman said of Roosevelt: "His greatness lay in the strength of his passion for plain people everywhere. He spoke for the forgotten man not only in his own country but throughout the world."

Harriman recalled that when Roosevelt died he was ambassador to Moscow, "and even in Communist Russia people felt they had lost a friend. They felt they had lost the man who could lead the world to the peace they craved."

He said Roosevelt "spoke of the great American ideal in terms that all men could understand."

"In this spirit," Harriman continued, "he rallied the free peoples in the war against Germany and Japanese aggression. And, in this spirit, he sought to use the intimacies of the wartime alliance to lay the basis for the collaboration of peace."

Schwartz' comments were made in an address at a luncheon sponsored by the Education Committee on Immigration here.

26 Workers Injured in Blast at Factory

EAST CHICAGO, Ind. (AP) — An explosion blew apart a half-block-long building of the U.S. Reduction Co. late Friday night, injuring 26 workers, one critically, firemen and hospital authorities said.

All were taken to St. Catherine's Hospital.

The blast shattered corrugated steel walls and the corrugated fiber roof, flinging whole sections hundreds of feet from the one-story building. There was no fire.

The building was one of a complex on the company's grounds, which cover nearly three square blocks. The building housed smelting furnaces used to reclaim aluminum.

Steel Contract Talks Reported Deadlocked

WASHINGTON (AP) — Ambassador W. Averell Harriman

dedicated a small marble memorial to Franklin D. Roosevelt today and said, "The only monument that mattered to him was the continuing commitment to his ideas and purposes — to his vision of a just society and a peaceful world."

Harriman joined with friends of Roosevelt and members of his family for the ceremony — held on the 20th anniversary of the wartime president's death.

Low shoes are called "oxfords" because they first were made and worn at Oxford, England.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome those plate discomforts. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmly in place. It has no taste or smell. No gummy, eggy, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Cheek "plate odor breath" goes PROOF-THE BODY at drug counters everywhere.

Quicker Golf Game Seen On Television

By CYNTHIA LOWRY
NEW YORK (AP) — All over the country, Little Leaguers are practicing knocking dirt off their shoes and tugging at their caps in earnest imitation of their baseball heroes, whose every mannerism can be observed so closely on television.

And, it seems, older fans of televised sports are causing

consternation on many of the nation's golf courses where players — particularly the duffers — often go through the surely preliminaries they have learned from the professional stars.

During the final rounds of the Masters tournament which CBS covered live Saturday and Sunday, the players actually spent comparatively little time picking putting greens or surveying the lie from various angles.

Perhaps the players had been urged to get on with the game.

Earlier this season, there were many long periods as players U.S. liquid measure.

Your Best Friend

Could be that second pair of glasses for dress or outdoor wear in the event of an accident. McCaffrey's, 26 E. Bijou, 634-1677.

Electrical Workers Union Plans Recount

WASHINGTON (AP) — Paul Jennings, new president of the International Union of Electrical Workers, AFL-CIO, has named a committee to investigate alleged miscounting of votes in the union's presidential election.

A Labor Department report said that 25,000 ballots were miscounted in the battle between Jennings and incumbent President James B. Carey. Carey resigned after the report was released.

walked up to inspect the fairway beyond a rise, thoughtfully gazed at a water hazard or cleaned up a putting surface.

"We've heard from clubs around the country," said one man who is associated with a golf program. "A lot of them are having trouble with slow players. It's all those practice swings and studying greens. The players seem to think that if that's the way the champions do it, they should too."

Perhaps the players had been urged to get on with the game.

Earlier this season, there were many long periods as players U.S. liquid measure.

Electrical Workers Union Plans Recount

WASHINGTON (AP) — Paul Jennings, new president of the International Union of Electrical Workers, AFL-CIO, has named a committee to investigate alleged miscounting of votes in the union's presidential election.

A Labor Department report said that 25,000 ballots were miscounted in the battle between Jennings and incumbent President James B. Carey. Carey resigned after the report was released.

Mostly Malarky

"Now, folks, just because we're leaving, don't think we haven't enjoyed the evening."

Recount Demanded In Irish Election

DUBLIN, Ireland (AP) — Prime Minister Sean Lemass' Fianna Fail party held a slim lead in the tabulations today for Ireland's national election. The opposition demanded recounts but Lemass was expected to be able to form a new government.

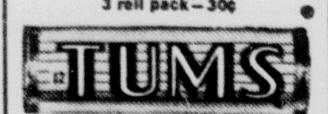

In Longford-Westmeath, Fine Gael claimed that the government victory was achieved through the votes of mental patients. Under old law, lords and ladies were barred from voting. A 1963 amendment gave mental hospital inmates the right to vote if their doctors deemed them capable.

Despite recounts, Lemass apparently will be able to form a government when the Dail meets in 10 days.

acid indigestion?

Stop it right away with TUMS antacid tablets. Today's good tasting TUMS is formulated — specially sooths high acidity relief — neutralizes all excess acid... release you from the grip of an acid-irritated stomach — completely, gently, on the spot.
